

ARTICLE 11

Photos below are easterly and westerly views of land between Fort River School and Belchertown Road (Rte.9). The article seeks to use \$41,785 in CPA funds and a bond issue of \$109,165 , for a total of \$150,950, less grants and gifts, to purchase this land for preservation and possible use as a community or incubator farm under management of the Conservation Commission.

Westerly View

Article 11

The two photos on the right show a view of the Fort River School and athletic fields from the north edge of the proposed purchase. A possible footbridge is indicated on a planning map for access to the parcel from the school parking lot and/or athletic fields.

The photo below shows the trial planting of black walnut trees on the northwest corner of the parcel.
